September Safety Meeting  
12 September 2006

# **TSA Visit: General Aviation Security**

The meeting commenced at 1900L with Mr. Chris Peterson, Manager, addressing the following items within the club.

The Transportation Security Administration presented information on general aviation security and their overall functions. Members of TSA discussed such items as airport security, how to report suspicious activity through 1-800-GA-SECURE and local law enforcement. The briefing continued with regulation and procedure for flight schools and instructors in verifying pilot's citizenship. Contact information and literature for TSA was presented while the TSA members covered their overall mission in aviation with commercial carriers, cargo handling, and airport security.

The meeting was ended at 2000L.
